

ACKNOWLEDGEMENT OF SURROUNDING LAND USES

I understand that property abutting or near my property may have a land use classification that differs from mine.

I further understand that it is my responsibility to determine those surrounding land use relationships through the investigation of City plans for commercial retail use, collector streets, county road plans, parks and other land uses that may affect residential use of my property.

I acknowledge that an investigation of land use relationships can be accomplished by contacting the City of Savage Planning Department with inquiries as to the land use plans for the vicinity of my purchase site.

By acknowledging my responsibility for seeking this information, I understand that I am not forfeiting my right to take issue with City plans, but am only acting to acquire an accurate understanding of contemplated surrounding land uses.

The existing or proposed land uses adjacent to my property are as follows:

Property Legal Description

Property Address

Builder/Seller

Date

Buyer

Date

Buyer

Date
