

CITY OF SAVAGE

# 5 Year Strategic Plan Summary

## VISION

Savage with its rich past, natural amenities and diverse population, will provide the most effective and efficient form of government possible.

## THE PRINCIPLES THAT GUIDE OUR DECISIONS:

### Natural Resources & Recreation

Savage will preserve and enhance our natural amenities and maximize recreational opportunities

### City Services

Savage will provide high quality, innovative City services to meet changing needs

### Community Identity

Savage will foster a pride of place that capitalizes on the unique qualities and history of our community

### Public Safety

Savage will maintain and promote a high level of public safety to meet the demands of a changing community

### Transportation & Transit

Savage will facilitate the development of efficient and effective transportation systems that provide for both local and regional needs

### Planning & Development

Savage will facilitate thoughtfully planned, balanced and diverse development

## 3-5 YEAR FOCUS AREAS:

Quality housing that inspires pride in living for all

Becoming a regional leader in multi-modal access with metro connectivity and river crossing

Attracting and retaining innovative business

Establishing Savage as an exciting destination

Being a welcoming organization with strong, empowered leadership

Creating an inviting and vibrant community with a consistent identity
